PARTS & ACCESSORIES FOR YOUR

MX-5

Restore • Maintain • Modify

Parts, tools & accessories since 1948.

MAZDA MX-5 · MIATA · EUNOS · ROADSTER

Welcome to the Moss Europe MX-5 parts catalogue, containing our vast selection of parts and accessories from incredible brands such as Cobalt, Jackson Racing, Tourist Trophy, Mishimoto, EBC, SuperPro, Exedy, Garage Star, and Jass Performance. Our aim is to help you, not only look after your Mazda, but to also help you fulfil your vision for it, whether you are looking for performance, customisation or factory original parts.

Moss began supplying sports car parts in 1948, we now benefit from decades of experience and are one of the world's oldest and largest sports car parts and accessories specialists. Today, our mission is to supply parts and accessories of the highest standard. We offer friendly, professional and knowledgeable service and hold a vast number of parts in stock, available from our branches or online backed by fast, reliable worldwide delivery.

As well as the MX-5, we specialise in parts for Austin-Healey, Classic Mini, Jaguar, MG, Morris and Triumph.

Please check online at moss-europe.co.uk for up to date pricing and availability.

MOSS UK OPENING TIMES*

Open Monday to Friday 8.30am to 5.30pm

Saturday 9.00am to 1.00pm

*Opening times may vary.

Please call your nearest branch for more information.

See website for Paris opening times.

CONTENTS

Aerials 37

- Stubby aerial
 - Short rake aerial
 - Replacement rubber aerial
- (Also see page 39)

Audio 21

- RetroSound radios
- Faceplates and knob kits
- Subwoofer

Brakes 8-9

- EBC brakes GreenStuff
- EBC brakes YellowStuff
- EBC brakes RedStuff
- EBC brakes Ultimate/BlackStuff
- Hawk brake pads
- DBA brake discs
- Goodridge brake hoses

Car protection 20

- Cobalt skid plates
 - Hardtop brackets
 - Boss Frog frame rail protectors
- (Also see page 31)

Cooling system 10

- Mishimoto radiators
- Mishimoto twin fans
- Moroso coolant tank
- I.L. Motorsport coolant tank
- Tourist Trophy radiator slam panel
- Track Dog Racing radiator slam panel

Engine components 19

- Fidanza cam gears
- Moroso oil catch can

Engine upgrades 38

- Oil filters
 - Oil filter adapter
- (See page 16 for oil filter tool)

Exterior styling 22-23

- Splitters from Track Dog Racing
- Touge Run lip spoilers
- R Speed lip spoilers
- Project M boot spoilers
- Turn signal intake
- Mirrors
- Overfenders

Fuel system and accessories 32

- Fuel cap
- Jackson Racing fuel pump
- DDM Works gauge holders
- Track Dog Racing gauge holders

GarageStar product range 31

- Delrin diff mounts
- Carbon fibre slam panel
- Carbon fibre spark plug cover
- Wing braces
- Skid plate for sump
- Front tow hook version 3.0
- Rear tow hook chassis mount
- Steering rack risers

Ignition system 7

- Cobalt HT lead set
 - Jackson Racing HT lead set
 - NGK spark plug
 - I.L. Motorsport spark plug cover
- (See page 31 for more spark plug covers)

Induction kits & filters 6

- Jackson Racing air intake kit
- Cobalt cold air intake
- DAVEFAB cold air intake kit
- DAVEFAB chasis jacking bar
- DAVEFAB washer bottle relocation kit

Interior upgrades 33-35

- Engine start buttons
- Chrome vent rings
- Delrin window bushings
- Door trim panels
- Deluxe carpet sets
- Rosewood gear knob & handbrake sleeve
- Sun visor blanks
- Cup holder
- Voodoo gear knobs
- Armrest pad
- Arm-restler

(Also see page 16 & 39)

Jazz performance range 14-17

- Offset number plate brackets
- Eng fuse box lid
- Turn signal intake
- Dip stick handle
- Engine hooks
- Servo/brake stopper
- Sun visor blanks with lights
- Gear stick extenders
- Frame rails
- Low pro lights
- Door pulls
- Drift button
- Tombstone cover
- Radio surround
- Cup holder
- Cup holder & window switches
- Ashtray surround
- Ashtray surround & window switches
- Electric window switches retro
- Scuttle panel
- Tow hooks
- Oil filter tool
- Instrument cluster

Light units, bulbs & accessories 13

- Light units
- Bulbs
- Reflectors
- Wing repeaters
- Brake pulser

(Also see page 14)

ND products 39

- Number plate relocation
- Delrin door bushes
- Single exit silencer
- Eye ball vents
- Factory boot liner
- H & R lowering springs
- Voodoo gear knobs
- Stubby aerial
- Adjustable anti roll bar links

Number plates 37

- Aftermarket number plate kits
 - Number plate plinth
- (Also see page 14 & 39)

OE badges 24

Oil cap 11

- I.L. Motorsport chrome oil cap

Pedal sets 11

- Pedal rubbers
- Cobalt pedal sets

Exhausts 4-5

- Cobalt silencers
 - Cobalt manifold
 - Cobalt mid-pipe
 - Track Dog blanket & exhaust wrap
 - RoadsterSport manifolds
 - RoadsterSport mid-pipes
 - Jackson Racing manifolds
 - Hondadata uprated gaskets
- (Also see page 39)

Rod's workshop manual 12

Stock replacement parts 40-42

- Gaskets/seals
- Belts
- Filters
- Cooling
- Running gear
- Outer panels
- Brakes
- Rubber
- Electrical
- Engine undertray

Strut braces from Cobalt 28-29

- Rear boot brace
- Engine strut brace 3 point
- Seatbelt tower brace
- Engine strut brace 3 point
- Front lower & rear lower braces
- PPF power kit

Style bars & windblocker 12

Suspension bracing & components 26-29

- Spax lowering springs
 - Jackson Racing anti roll bars
 - Cobalt anti roll bars
 - Cobalt anti roll bar links
 - Racing Beat anti roll bar links
 - Strut braces from I.L. Motorsport
- (Also see page 39)

Tin parking signs 12

Tow hooks 11

- Mazdaspeed tow hooks
 - Tow hooks
- (Also see page 16)

Transmission 18-19

- Performance clutches
- Stock clutch kits
- Lightened flywheels
- Clutch hoses/pipes
- Cobalt short shifter
- Shifter rebuild kits & spares

Travelling equipment 24-25

- Bicycle rack
- Boot racks
- Deck bags
- Heated blanket
- Cool Breeze scoop
- Cargo net
- Boot pocket pod

Polyurethane bushes, Engine mounts, Bump stop & cover 30

- Superpro bush sets & bushes
- Mazdaspeed engine mounts
- Bump stop & cover

Weather protection 36

- Car covers
- Hardtop caddy
- Hardtop hoists

COBALT SILENCERS

Treat your MX-5 to one of the finest exhausts available exclusively from Moss. These beautifully finished mirror polished exhausts are packed with features usually only found on more expensive systems.

- ▶ 1.2mm thick 304 stainless steel used for silencer shell, tips, and piping
- ▶ Silencer packing is a combination of stainless steel wool and fibreglass for a perfect sportscar sound that is never intrusive
- ▶ CNC cut stainless steel flanges
- ▶ 409 stainless steel used for inner core and perforated tubing
- ▶ 60mm pipe diameter
- ▶ Beautifully shaped oval silencer
- ▶ All welds on silencer are ground smooth and polished
- ▶ Entire silencer completely polished to a mirror shine
- ▶ Polished tail pipe
- ▶ 5 year warranty

PRODUCT	MODEL	PART NO	PRICE
Single exit stainless steel cat-back (Fits cars with 375 or 440mm cat only)	90-97	900-494	£220.00

TRACK DOG
RACING

MANIFOLD HEAT SHIELD

The exhaust manifold is the main source of heat under your MX-5's bonnet. By covering and isolating it with a Track Dog heat shield you will prolong the life of rubber engine parts. In addition, air entering your engine will be cooler allowing for maximum power to be generated from your MX-5. Can be fitted to all factory and aftermarket manifolds.

PRODUCT	MODEL	PART NO	PRICE
Manifold blanket/heat shield	All	971-450	£126.00

ROADSTERSPORT MANIFOLD

All T304 stainless steel construction throughout, RoadsterSport's 4 into 1 design delivers maximum power gains from the midrange through redline. The precision cut stainless steel engine-to-manifold flange transitions smoothly to primary tubing that collects into the 2.5" OD secondary. Exhaust gas exits the manifold through a specially designed stainless steel rear flange which mates to the factory mid-pipe, or the RoadsterSport 2.5" mid-pipe for maximum horsepower gains. The primary factory catalytic converter is deleted with this header. Lifetime warranty on this manifold.

PRODUCT	MODEL	PART NO	PRICE
Stainless steel manifold	05-15 2.0	904-935	£510.00

ROADSTERSPORT MID-PIPE

A stainless steel mid-pipe that adds horsepower and torque and will last a long time. RoadsterSport's offerings fit with all factory Manifolds and aftermarket systems, included are high flow catalytic converters and are 2.5" in diameter for the entire length. Both are slightly louder than stock. Warranty: 5 year/50,000 mile manufacturing defect warranty on the housing and 25,000 mile manufacturing defect warranty on the internals.

PRODUCT	MODEL	PART NO	PRICE
Roadstersport performance mid-pipe	05-15	904-691	£479.40

903-110

903-120

JACKSON RACING

JACKSON RACING MANIFOLDS

The Jackson Racing manifold pulls hard through a wide power-band without that head-throbbing resonance often found in low-quality manifolds. Features include heavy gauge steel, mandrel bent tubes, CNC-machined flanges and ceramic coating. The result is a TIG-welded manifold that provides maximum performance, total precision and lifelong durability.

PRODUCT	MODEL	PART NO	PRICE
4-2-1 Sports manifold (Fits manual transmission only)	89-93 1.6	903-110	£426.60
4-2-1 Sports manifold (Fits manual transmission only)	94-97 1.8	903-120	£426.60

903-991

903-992

UPDATED GASKETS

HONDATA

Hondata has developed a special high temperature insulating gasket which replaces the stock intake gasket. The MX-5 manifold is heated in up to 5 places. From the cylinder head, the cold idle valve, the idle control valve and the throttle body heater. Hondata's new gasket coupled with bypassing several heat sources significantly reduces the transfer of heat from the cylinder head to the intake manifold and incoming air giving you up to 5% more power.

PRODUCT	MODEL	PART NO	PRICE
Updated inlet manifold gasket	89-93 1.6	903-990	£50.80
Updated inlet manifold gasket	94-97 1.8	903-991	£50.80
Updated inlet manifold gasket	98-05 1.8	903-992	£50.80

COBALT
PRECISION AUTOMOTIVE

COBALT MID-PIPE

Full stainless steel 2.5" pipes and welded-in 48-state catalytic converter, this bolts to factory or Cobalt manifolds and silencers. Factory location O2 connection. Includes magnaflow catalyst converter.

Please note: This is a direct fit for 1998-99 MX-5 models. To fit 2000-05 MX-5's a performance manifold will need to be installed.

PRODUCT	MODEL	PART NO	PRICE
Cobalt performance mid-pipe	98-05	909-960	£300.00

MXV1176X

JACKSON RACING AIR INTAKE KIT

The Jackson Racing Cold Air Intake allows your car to breath clean, cool air for maximum horsepower, up to 14HP in most cases. If you are old enough to remember the old muscle cars with Cowl-Air Induction and Ram-Air Induction, you know that cold air does help performance. Instead of adding one of those unsightly hoods that you can barely see over, the JR Cold Air Induction system tucks neatly under the bonnet. A strategically placed scoop brings cold air into the throttle body with increased velocity. The combination of cool air and pressurised air (at speed) will increase your horsepower. Each system includes a high-velocity air filter for increased airflow and filtration.

PRODUCT	MODEL	PART NO	PRICE
Cold air intake	89-93 1.6	MXV1176X	£332.00
Replacement filter	89-97	901-987	£33.65
Upated panel filter (fits factory air box)	89-05	901-975	£28.04

909-605

COBALT COLD AIR INTAKE

Clean up the front of your engine; add a nice growl sound on acceleration, and a little more power too with this Air Intake System by Cobalt. Designed with a shield to keep intake air cool and protected from hot ambient engine temperatures, also features a reusable K&N brand filter. The arm is rotomolded and textured black plastic, and the heat shield is black painted steel. Includes all installation hardware and instructions.

PRODUCT	MODEL	PART NO	PRICE
Cold air intake	98-05	909-605	£160.00
Cold air intake	05-15	904-377	£51.00

DAVE FAB

INNOVATION • DESIGN • FABRICATION

DAVE FAB

Located close to the famous Castle Combe race circuit in the UK, DaveFab have made a name for themselves in the MX-5 community by designing and fabricating some of the most innovative and bespoke modifications for the MX-5 in a long time, and with such an iconic race track nearby you can be assured they have been tested to the limit and passed DaveFab's strenuous testing procedures.

JACKSON RACING AND COBALT HT LEAD SETS

Cobalt Ignition Wire Sets are made precisely for your vehicle, and carry a Lifetime Warranty against defective materials or workmanship! The Cobalt wires feature:

- ▶ **Compact silicone plug boots** provide extra clearance
- ▶ **EPDM layer** provides more electrical insulation than silicone-over-silicone
- ▶ **Conductive polymer coating** protects the conductor and provides terminal contact
- ▶ **Stainless steel conductor** for maximum conductivity
- ▶ **Aramid fibers** provide superior tensile strength
- ▶ **Spiral magnetic core** suppresses RFI/EMI interference
- ▶ **Fiberglass braid** provides superior tensile strength
- ▶ **8mm silicone jacket** resists high temperatures, fuels and oils
- ▶ **Locking terminals** stay connected under high vibration

HAWK BRAKE PADS

Hawk brake pads are manufactured using the highest quality materials available for Street-performance driving. For the serious performance driver, this is the best brake pad we offer.

Hawk Performance's HP Plus brake pad compound is ideal for Autocross and Track Day drivers looking for a high performance race compound that can take the heat of the track and get you home safely without having to change the pads. HP Plus utilizes a unique Ferro-Carbon, high-tech friction material that was developed and manufactured for sport driving in autocross, Solo II and "track day" applications. The Ferro-Carbon formulation offers lower wear rates and higher torque values than other competitive materials. Extremely high coefficient of friction makes HP Plus the perfect upgrade over stock for high performance streetcars used in autocross competition or that experience repetitive, heavy braking.

PRODUCT	MODEL	PART NO	PRICE
Front brake pads	Fits all MK1 1.6	901-550	£121.00

MXV1274Y

MXV1275Y

EBC BRAKES YELLOWSTUFF

Although a full race material and capable of high temperature use with very good wear life, the YellowStuff formulation sets a new trend in race type brake pad compounds. The "bite" from cold is superb which is uncommon with race materials (normally requiring warm-up) and makes this a pad which can be safely used on the road as well as on the race track.

PRODUCT	MODEL	PART NO	PRICE
Front Brake pads	Fits all Mk1 1.6 models, 1989>1998	MXV1270Y	£84.90

GOODRIDGE BRAKE HOSES

GOODRIDGE

Our high performance stainless braided brake lines eliminate the mushy pedal feel you get when your OEM rubber lines expand. Utilizing Teflon tubing with a stainless steel outer tube, this 4-line set is DOT-approved, and works perfectly on the track or on the street. Includes all necessary mounting hardware. Sets available in silver or red.

MISHIMOTO RADIATORS

Mishimoto brings the MX-5 community parts designed from the racing environment, smartly engineered for easy installation with no modifications. All-aluminium construction radiators have no plastic parts to fail (OEM radiators do). Fits manual transmission only.

- ▶ All pieces designed to fit stock locations
- ▶ No modifications to fit
- ▶ All radiators come with new cap
- ▶ Limited lifetime warranty

PRODUCT	MODEL	PART NO	PRICE
2 row radiator	89-97	909-560	£255.00
3 row radiator	90-97	909-561	£311.10
2 row radiator	98-05	909-562	£244.80

MISHIMOTO TWIN FANS

The Mishimoto Mazda MX-5 fan shroud kit will considerably improve engine cooling functions and the overall performance of your vehicle. All Mishimoto fan shrouds are significantly lighter than standard fan shrouds, and fit the Mishimoto aftermarket radiator. A Mishimoto fan shroud will effectively drive out heat from the engine bay and deliver a significant amount of cooler air directly to your new Mishimoto radiator. At the same time the fan shroud serves another very important purpose: securing the fan blades. The fan shroud will keep the fan blades in place, which otherwise could potentially damage other essential components in your engine. Includes fans and motors.

ROD'S WORKSHOP MANUAL

By Rod Grainger. The super-manual for MX-5 owners. The author has personally dismantled and reassembled a MX-5, taking step-by-step pictures of all procedures. This, combined with his personal interest in the MX-5 and his years of writing and editing Haynes manuals, provides the background necessary to write the best MX-5 shop manual available. Coverage includes maintenance, repairs, modifications and improvements on all 1.8-liter MX-5's from 1994-97. Softbound, 368 pages.

BRAKE PULSER

Enhance your safety by adding brake light pulsing to your third brake light. The brake light pulser module connects to your centre high mount brake light (third brake light) and automatically pulses it when you apply your brakes. The light will pulsate on and off for about a second, then stay on steady for as long as you press the brake pedal. Incorporated in the pulser is the "Delay-Repeat" circuit, which requires the brake lights to be off for at least 15 seconds before the cycle can be restarted. So, if you are in bumper-to-bumper traffic, the brake light isn't always pulsing.

Vlad graduated with a degree in mechanical engineering in Germany and worked as a concept engineer for BMW for years in Munich, with having a close overview of all aspects of car engineering his passion for cars and racing has got bigger and bigger. Vlad was participating with an MX-5 in racing events in Germany and AE86 in Bulgaria which then led to Jass performance being born.

Jass Performance was started in 2010, utilizing the resources of Jass Engineering, Vlad's founding company providing engineering solutions (construction, production) to the German automotive industry. The idea behind Jass Performance was to provide fellow enthusiasts the same opportunity to help develop their own projects, as people are having unique and good ideas Vlad took this on board and made these products. All parts that have been developed through the years were offered to everyone out there. True automotive functionality behind the products, Vlad gets a lot of his ideas from racing his roadster and thinking what could I design next to improve things or what I could I use to make that look better.

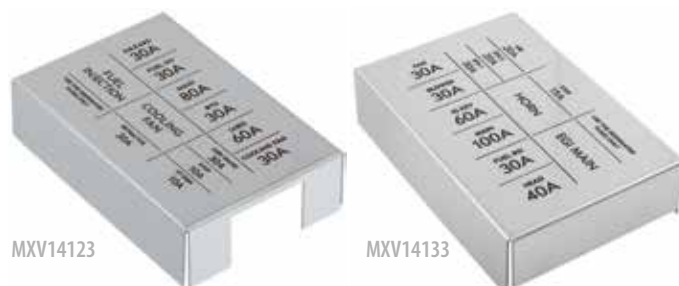

Vlad's enthusiasm for the little roadster has led to some of the best looking parts available on the market today, the more we all ask for the more he will design and continue to offer some amazing products.

EXEDY PERFORMANCE CLUTCH KITS

Exedy racing clutches only use premium friction materials that are resistant to slippage and burst. Increased clamp loads give the necessary capacity to handle modified engines. Stage 1 uses organic material for street and light track use, for up to 30% more torque than stock. Drivability is similar to the stock clutch. Pedal efforts will be slightly higher because of the higher clamp loads. All of the clutch discs have spring centre dampers to reduce drivetrain shock.

COBALT SHORT SHIFTER

The MX-5 has a great gearbox; Cobalt has succeeded in making it even sportier! Cobalt's zinc-plated billet steel sport shift kit reduces shift throw by 25% and can take the constant yanking and jerking unlike billet aluminium shifters that have been known to break. Shifting is even easier with a simple flick of the wrist. To ensure OEM quality and performance they supply a new dust boot, bushing and washers with their sport shifter. Complete with instructions and ready to install. Knobs sold separately, or reinstall your stock knob.

MOROSO

MOROSO OIL CATCH CAN

Your MX-5 isn't running as cleanly as you thought, and this air-oil separator from Moroso is what you need to clean it up. The factory designed the engine to vent excess vapours and oil back into the intake manifold, causing oil deposits that gunk up the intake and the valves, and crankcase vapors which could cause detonation. Plumbing this air-oil separator into the PCV system captures the oil and moisture and contains it in this great looking billet canister.

- ▶ Billet aluminium construction has a raw finish
- ▶ Supplied with 3/8", 90° inlet & outlet fittings and 36" of 3/8" rubber hose
- ▶ Includes billet aluminium mounting clamp
- ▶ Canister unscrews for draining and cleaning
- ▶ Moroso name you can trust for great engineering and machining

SKID PLATES

The MX-5 comes with a flimsy plastic engine undertray that is prone to deterioration and cracking. Once this factory piece is compromised dirt, debris and excessive amounts of water can get on your engine and belts leading to increased maintenance. The other function of an engine undertray is to direct air through your radiator and not let it escape under them. Cobalt engineers have developed a replacement shield to protect your engine, radiator, and all other vital engine parts from damage. Using stainless steel construction to ensure it is a rock solid addition to your MX-5, the Cobalt engine shield will perform the same functions as your original undertray - only better. The Cobalt shield reuses your factory bolts and screws. Upgrade to the bright kit to really finish off the beautiful look. Kit includes zinc-coated metric hardware to replace those grungy OEM bolts.

TRACK DOG
RACING

SPLITTERS FROM TRACK DOG RACING

Air Splitters are designed to help protect your front bumper and air dam. Modern bumpers are made from flexible urethane to allow flexing when bumped - but the painted surfaces are still vulnerable to scratches and scrapes. Air Splitters help protect your bumper by extending the protection around the front perimeter. The original Splitter is made from 1/8" thick, high-impact ABS plastic and the extreme version in 1/4". The top surface has a black texture finish, while the underside has a smooth finish that slides easily over steep approach angles.

PRODUCT	MODEL	PART NO	PRICE
Extreme splitter (Fits with factory air dam/spoiler)	89-97	904-881	£112.20

TSI'S

We have taken our favourite Turn Signal Intakes and made them even better! We have improved the design for excellent fitment. We've also improved the finish; they are now a smooth glossy black finish ready to bolt on. If you do intend to paint match to your car we still recommend professional prep and paint work. Replace your front turn signals with a pair of these clever intakes that supply cool air into your engine compartment. Please Note: For use in Europe the sidelights will need relocation.

THE COOL BREEZE SCOOP

Do you find yourself hot and uncomfortable even though the top is down? Are you constantly trying to scoop in air with your hand from above the windshield or through the window? The Cool Breeze scoop forces fresh air in over the console and into the foot wells. The Cool Breeze scoop is an easy-on/easy-off accessory that takes less than 10 seconds to install and fits easily in your glove box when not in use. The Cool Breeze scoop is moulded from an automotive ABS/Polycarbonate

composite plastic. It is non-reflective black with a textured finish. It can be primed and painted in a colour of your choice with flexible bumper paint, but looks great the way it is delivered.

SPAX LOWERING SPRINGS

If you do not wish to fit a complete height adjustable coil over kit but wish to lower your MX-5, these Spax springs are the answer. They will drop the car by 30mm and are 30% stiffer than the standard items giving firmer, flatter cornering. Also, they are progressive wound so give a comfortable ride at low speeds.

PRODUCT	MODEL	PART NO	PRICE
Spring set (Supplied in a set of 4)	89-97	MXV1017X	£176.00

JACKSON RACING ANTI ROLL BARS

These anti-roll bars increase the handling performance of your MX-5 by reducing sway and body roll. Jackson Racing anti-roll bars are high-performance direct replacement upgrades for the factory bars. Both the front and rear bars are adjustable for fine-tuning. Polyurethane bushings and all mounting hardware are included. All Jackson Racing Anti-Roll Bars come with easy-to-read instructions and a lifetime warranty against breakage.

PRODUCT	MODEL	PART NO	PRICE
Front and rear roll bar set	89-97	MXV1184X	£228.00

COBALT ANTI ROLL BAR LINKS

These anti roll bar links are heim-jointed steel with Teflon lining, and help set your car up for more neutral handling by increasing chassis deflection. Each set includes two heim-joint end links, all necessary spacers, Sold in sets of two, two sets required for the whole car. Sold as a pair.

PRODUCT	MODEL	PART NO	PRICE
Adjustable anti roll bar links front or rear	89-97	909-850	£65.30

COBALT ANTI ROLL BARS

The 3rd generation MX-5 handles well from the factory, but Mazda had to compromise in order to meet the expectations of all potential drivers. As a result, Mazda has left room for improvement even in suspension of cars with the factory Sport package. The addition of Cobalt hollow anti roll bars will reduce your MX-5's body roll, making your MX-5 more responsive to turning, more settled in transitions, and more fun to drive. The Cobalt A/R bar sets stiffness has been

carefully chosen to enhance handling and balance without ruining your ride quality. The rear bar is two position adjustable. Front bar diameter is 25mm and rear bar is 16mm.

PRODUCT	MODEL	PART NO	PRICE
Front and rear roll bar set	05-15	920-330	£220.00

RACING BEAT ANTI ROLL BAR LINKS

A direct swap for the MX-5 factory links and provide the performance enthusiast the ability to set either front or rear anti roll bars to a "neutral position" while the chassis is at ride height to avoid pre-loading of the bar. The experienced enthusiast may wish to purposely "pre-load" the bar to create a specific handling characteristic to induce either a mild understeer or over steer condition. The CNC-machined aluminium end housings are fitted with urethane bushings to further reduce flexing. Each set contains two (2) links to serve one (1) anti roll bar. Sold as a pair.

PRODUCT	MODEL	PART NO	PRICE
Anti roll bar links front	89-97	902-670	£88.00

ANTI-ROLL BAR BRACKETS - HEAVY DUTY

Performance driving can take it's toll on the factory sheet metal anti roll bar brackets causing them to flex, twist and tear. In some instances, the addition of performance roll bar bars can exacerbate the problem. The cure is a pair of heavy gauge replacement steel mounting brackets. Made to fit in place of the original brackets these heavy duty replacements will not flex or twist and are finished in durable black powder coat.

COBALT[®]
PRECISION AUTOMOTIVE

REAR BOOT BRACE

Engineered to work with and match Cobalt's 3-Point Front Shock Brace, this Cobalt Rear Brace is strong and beautiful. Using strong oval section stainless steel tubing this bar ties the tops of the shock towers together for better chassis rigidity. The welds are artfully done and the Cobalt logo is prominent yet understated. This design goes up then over to the shock towers instead of other designs that come forward into the boot space, keeping all of your boot storage open and available. Comes complete with instructions and all necessary hardware.

PRODUCT	MODEL	PART NO	PRICE
Rear boot brace	89-05	909-860	£66.30

SEATBELT TOWER BRACE

Mounts to factory holes and offers more stiffening than the factory brace. Beautifully polished aluminium brace works with Glass window tops, Cobalt Wind Blocker, and the Cobalt Style Bar.

PRODUCT	MODEL	PART NO	PRICE
Seatbelt tower brace	89-05	902-047	£84.00

ENGINE STRUT BRACE 3 POINT

Don't bother looking for a Shock Brace that compares with this one. Oval section stainless steel tubing is mated to beautifully crafted tower supports. The welds on this brace are a work of art! Aside from the best craftsmanship available, this brace actually works. Patterned after Le Mans style chassis bracing, this piece mounts in three places including a special bracket that secures it to the firewall. This ensures rigidity that cannot be duplicated by lesser quality braces that simply mount from shock tower to shock tower. Comes complete with instructions and all necessary hardware. Fits NA, Turbo & JR M45 Supercharged MX-5's! NOTE: Does not fit 90-05 MP62 superchargers. Does not fit 01-05 JR M45 superchargers.

PPF POWER KIT

The PPF power kit is an add-on to reinforce the factory PPF (Power Plant Frame) which is susceptible to bending and flexing. By further strengthening the PPF, movement and vibration is reduced in the drive train, especially in higher HP MX-5's. This translates into a more stable platform for delivery of power to the rear wheels. The PPF power kit aids reducing the intensity of the '65 MPH shimmy'. Fits manual transmission only.

910-825

Garage star was established in 2005 by Ken Raif. Based in Sacramento, USA, Ken started out manufacturing various Miata goodies for himself and friends mainly as a side job until 2012. With heavy encouragement from the Miata community, Roadster Drift, Club Roadster, and several other online forums, Ken made the leap from his full job in insurance to being 100% dedicated to the GarageStar business.

GarageStar's product list has grown and developed through sponsored driver testing on and off the track. Ken said "A large part of GarageStar's success is due to the help and support of the Miata community."

Ken has always made it a point to give back to the community. He is constantly sponsoring large events such as the Roadster Cup, Speed SF, Historics at Laguna Seca Raceway, and Mazfest.

He is constantly searching for ways to make Miatas faster around the track, lower to the ground on the streets, and "saucier" in the shows. Ken believes listening to customers from around the world enables him to better meet their needs and desires.

FUEL CAP

Put this fuel cap on and never take it off! This cap has a special spring-loaded door, which allows you to fuel up without removing the cap.

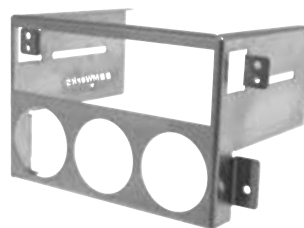

PRODUCT	MODEL	PART NO	PRICE
Permagas fuel cap	89-97	MXV1175X	£11.60

JACKSON RACING FUEL PUMP

When you make more power, you need more fuel. In a standard normally aspirated car, the stock fuel pump delivers just enough, plus a little extra. As the pump ages, it may no longer be able to deliver its full rated capacity. When you add a super or turbocharger, you need more fuel at a higher pressure. Odds are that your stock pump will not meet this demand. The result is a dangerously lean running condition. There are plenty of generic pumps out there, but only the JR High Output Fuel Pump has been specified to deliver the correct amount of fuel. The JR pump is a direct in tank replacement. If you are installing a super or turbo charger, we highly suggest replacing your stock fuel pump at the same time.

MXV18010

MK1/2/2.5 COMPLETE DELUXE CARPET SETS

These deluxe carpet sets have been developed with several ideas in mind. Originally, the cockpit floor carpet produced by Mazda was a one-piece moulding, but these have been developed as a pair of moulded carpets to be easily fitted to both footwells. These footwell carpets have all the necessary shapes and holes to fit your floor panel exactly as if it were original. By making this kit in two parts, the fitting time is helped as you do not have to take out the dash assembly and also the carriage costs are significantly less.

The second part of this kit is the moulded rear cockpit liner, which will fit exactly as your original and has all the necessary holes for the fasteners to fit into.

The third part of the kit is the bulkhead carpet, which fits behind the seats, and has cloth-bound edges where necessary. The whole kit, when fitted, will totally transform your interior.

Please Note: RHD only. These kits are supplied with a complete set of pictorial fitting instructions with a few tips on removal of your old carpets and fitting ideas of the new carpet set.

Also available in Powder Blue, Blue, Biscuit and Green. Please enquire.

PRODUCT	MODEL	PART NO	PRICE

ENGINE START BUTTONS

Get your car started right. Illuminated Engine Start button gives your vehicle that performance car feel. To prevent theft, the engine start button requires the use of your key to switch on the ignition and unlock your steering column. Start button can be installed in place of the cigarette lighter/power outlet. Complete with installation instructions and no drilling required.

PRODUCT	MODEL	PART NO	PRICE
Engine start button illuminated	All	101-180	£17.00

Richbrook L.E.D engine button	All	GAC0061	£46.60

CHROME VENT RINGS

Supplied as a set of four, these stainless steel Vent Rings spice up your MX-5's interior with some flash and definition. Easily installed in minutes, these rings simply attach using an automotive quality 3M adhesive.

PRODUCT	MODEL	PART NO	PRICE
Vent rings chrome (Sold as a set of four)	89-05	MXV1028X	£11.26

DELTRIN WINDOW BUSHINGS

Over time window guide bushings wear out and the grease in the tracks get gunked up with dirt. If your manual windows are tough to roll up and down your bushes are probably worn. Replacing them is an easy half hour install. Our kit includes a new Delrin bushing for each door.

PRODUCT	MODEL	PART NO	PRICE
Window bushing set (Sold as a pair)	89-05	909-925	£22.25

Gear knob (Will not fit automatics)	89-15	MXV1189X	£20.40
Handbrake sleeve	89-05	MXV1186X	£20.40

SUN VISOR BLANKS

For many of us, the Sun Visors in the MX-5 are more of an obstruction than anything else. If you are like many owners who want to remove the sun visors but won't because of the unsightly holes left in the header rail, look no further. Moss has created these indestructible ABS Visor Caps. They install in minutes with a screwdriver.

PRODUCT	MODEL	PART NO	PRICE
Chrome sun visor blanks	89-05	998-260	£3.76
Black sun visor blanks	89-05	901-455	£3.76

CUP HOLDER

Our aftermarket cup holder is a perfect fit for the MX-5 owner on the go. Textured to match your factory console, the cup holder features a rubber mat that fits under the cup holder to catch and retain spills. Install in seconds in place of your factory ashtray.

AFTERMARKET NUMBER PLATE KITS

No one wants to run a front number plate; it ruins the lines of the MX-5. However, running into trouble by not having one sometimes doesn't seem worth it and we reluctantly give in to the law. The Flip Down number plate holder is the answer. It displays or retracts in one easy motion. When motoring, pull it out and flip it up; when you're at the car show, retract it for the clean look you admire. Now you can also choose a motorised version that operates with the push of a button from inside or outside your car.

PRODUCT	MODEL	PART NO	PRICE
Manual flip kit	89-15	904-885	£43.70
Motorised flip kit	89-15	904-886	£142.80
Relocation kit	05-15	903-275	£74.70

OE plinth	89-97	MXV13331	£25.90
OE plinth	01-05 MK2.5	MX513331	£25.90

STUBBY AERIAL

If you've ever thought that tall whip-like antenna might be a hazard to unsuspecting eyeballs or a future casualty at a car wash, we've found a perfect solution. The Stubby Antenna is just 3.77 inches tall, super easy to install (unscrew the old, screw on the new Stubby!), machined from billet aluminium and then powder coated for durability, and will not affect radio reception or interfere with satellite radio services. It blends in perfectly with your MX-5's sporty lines but you will notice it every time you look at your Mazda.

PRODUCT	MODEL	PART NO	PRICE
Stubby	89-18	909-676	£27.55

SHORT RAKE AERIAL

Our MX-5's are small and the antenna should be too! Update your MX-5's look with a shorty raked antenna. At just 7" long, the black mast sits at a raked angle, and is easily unscrewed for removal if you have a car cover without a hole. Antenna is wired for power but you may get less radio reception than the stock tall mast antenna.

PRODUCT	MODEL	PART NO	PRICE
Short rake aerial	89-05	906-185	£30.00

REPLACEMENT RUBBER AERIAL

A practical replacement for the factory antenna. Includes a 54" lead.

PRODUCT	MODEL	PART NO	PRICE
Replacement rubber aerial	89-05	900-716	£12.70

OIL FILTER ADAPTER

A perfect solution for anyone that needs additional connections for gauge sending units. This adapter has three ports for sending units. All three ports will accept sending units with American 1/8" NPT (27 TPI) thread or metric taper M10 x 1.0 threads. Machined from aluminium, the adapter is highly polished and the package includes the O-ring seal, the oil filter nipple and tapered plugs for two of the three sending unit ports. Please note that sending units are not included - the sending units in the photograph are there to show how the adaptor can be used. Uses the stock type Mazda oil filter.

909-630

AIR-OIL SEPARATORS

Your MX-5 isn't running as cleanly as you thought, and this air-oil separator from Moroso is what you need to clean it up. The factory designed the engine to vent excess vapours and oil back into the intake manifold, causing oil deposits that gunk up the intake and the valves, and crankcase gases which could cause detonation. Plumbing this air-oil separator into the PCV system captures the oil and moisture and contains it in this great looking billet canister.

PRODUCT	MODEL	PART NO	PRICE
Alloy separator	89-97	909-630	£161.30
Black separator	89-97	909-631	£161.30

MK4 UPGRADES

A popular dual tip design is now available from the Cobalt brand! These new exhausts feature a laser-etched Cobalt logo on the tips and carry over all the same great features and sound from the single tip design:

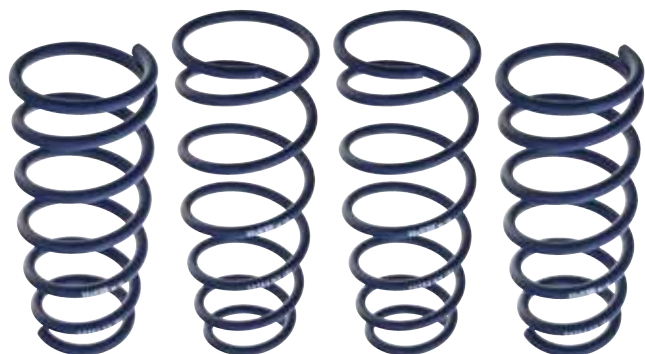

- ▶ 1.2 mm thick polished stainless steel used for exhaust shell, tips, and piping
- ▶ Exhaust packing is a combination of stainless steel wool and fibreglass for a perfect sports car sound that is never intrusive, raspy or drones on the highway
- ▶ Stainless steel used for inner core and perforated tubing
- ▶ 2-3/8" Pipe Diameter
- ▶ Entire exhaust completely polished to a mirror shine
- ▶ Sporty 3-1/2" insulated and polished exhaust tips
- ▶ Easy bolt-on design
- ▶ Gasket included
- ▶ 5-Year Warranty

Ordering from Moss

WHEN ORDERING...

Remember, supplying details of your car, (i.e: engine, commission or VIN, LHD / RHD, year and any modifications) will save time and help us process your order correctly. We will be pleased to provide a full parts quotation, detailing price, availability and shipping costs, upon request.

SHIPPING & DISPATCH

Orders for delivery in the UK may be dispatched by regular post for small/lightweight items, larger items may be dispatched via a courier. Please call us for the best delivery option for your order and the latest delivery prices.

For delivery outside the UK we offer the following services. Economy delivery (by road): 2 to 5 days (approximately). Express delivery (by air): 1 to 2 days (Guaranteed). For small and low value orders we also use airmail. For these services, please ask for prices and the best delivery option when you place your order. Most deliveries (except airmail) are 'trackable', (inc: e-mail updates and internet access for selected carriers). Please remember, all carriage charges are dependent on either gross weight or volumetric weight, whichever is greater. If a quotation is required prior to placing your order, please contact a member of the sales department. Alternatively, you can arrange your own collection.

PRICING

Moss make every attempt to keep prices competitive and stable, however in common with all other suppliers in our industry, we reserve the right to alter prices without prior notice. For the latest prices, please call or visit our website moss-europe.co.uk.

All prices are per unit (unless otherwise stated) and include (UK) VAT at 20% (where applicable). Please note EU countries may be charged at their local VAT rate, countries outside the EU will not be charged VAT. See the ordering information or our website for further details. Prices are correct at the time of going to print, postage & packaging is not included. E&OE.

MOSS UK OPENING TIMES*

Open Monday to Friday 8.30am to 5.30pm

Saturday 9.00am to 1.00pm

*Opening times may vary.

Please call your nearest branch for more information.

See website for Paris opening times.

PICK UP IN STORE

Why not reserve and collect your order in person from one of our four branches?

All you have to do is send an email to sales@moss-europe.co.uk with the title of "Branch Collection"; your e-mail must contain the following information:

- ▶ Your full name, address, daytime contact number, desired branch for collection and part numbers.
- ▶ A member of our sales team will contact you shortly after to let you know that your email has been received.
- ▶ They will then contact you again when your order is ready to collect. You will then be able to collect and pay for your order any time during store open hours from the store stated in your email. On collecting your order you may be asked to confirm your address.

90 DAY MONEY BACK PEACE OF MIND WARRANTY

It's simple, if you change your mind for any reason, all uninstalled parts still in their original condition and packaging may be returned to us within 90 days from the date of purchase for a full refund. A copy of the original invoice or picking label must accompany the return. Return freight is paid by the customer, unless returned due to our error.

In the event of a part failing in use, all parts are warranted against defects in materials and workmanship for 12 months from the date of purchase. Please remember that all returns must be accompanied by the original invoice, return freight will be reimbursed. For more details see our website or contact your local branch.

Keep up to date with our latest news and tell us yours. **Join us on:**
